

A Short Course on Power System Stability and Control

18 December 2007

Speakers: Dr. Prabha Kundur and Dr. C.Y. Chung Date: 18 - 21 December 2007 (4 days) Time: 9:30 am - 5:00 pm Venue: Room BC406, The Hong Kong Polytechnic University Introduction: This course will provide a comprehensive overview of power system stability and control problems. This includes the basic concepts, physical aspects of the phenomena, methods of analysis, examples of incidents of system instability, challenges to the secure operation of present-day power systems, and comprehensive approach to enhancing system security. This course is organized by EE PolyU; and sponsored by CLP Power Hong Kong Ltd and Hongkong Electric Co. Ltd; and supported by The Hong Kong Institution of Engineers, Electrical Division, The Institution of Engineering and Technology Hong Kong and The Joint Chapter of Power Engineering, Industry Applications, Industrial Electronics and Power Electronics Societies, IEEE (HK).
