

電業工程人員註冊考試假理大舉行

香港理工大學（理大）宣佈本年度的**C級**電業工程人員註冊考試將於十一月七日及九日假本校舉行。有興趣人士可由即日起至九月二十九日報名參加。

該項考試不設最低報考資格。若報名人數過多，現職註冊電業工程人員，特別是**B級**電業工程人員，將會獲得優先考慮。

據考試委員會發言人、理大電機工程學系副系主任勞偉籌博士表示，申請註冊人士要成為合資格的**C級**電業工程人員，必須在該項考試中取得及格，以及具有電力（註冊）規例所訂明有關電力工程工作的經驗。

是項考試由香港理工大學、香港大學、香港工程師學會及政府機電工程署攜手合辦。勞博士續稱：「此項考試是政府專為具有多年實際電力工作經驗，但未具備正規學歷，而希望申請註冊成為**C級**電業工程人員的人士而設。合格的考生如擬申請註冊為**C級**電業工程人員，仍須符合電力（註冊）規例所訂明有關電力工程工作經驗的規定。」

C級電業工程人員可獲准承辦所有低電壓的電力工程，而**A級**和**B級**人員只可以處理規模較小及危險性較低的工程。

Examination for Registration as Grade C Electrical Worker

The Hong Kong Polytechnic University (PolyU) announced that the examination for registration as a Grade C electrical worker will be held on November 7 and 9. The examination venue of this year is in The Hong Kong Polytechnic University (PolyU). Application for sitting the examination is now open until 29 September 2017.

There is no minimum entry requirement for the examination, although preference will be given to current registered electrical workers, in particular Grade B electrical workers. Any worker who wishes to be qualified for registration as a Grade C electrical worker is required to pass this examination.

According to Dr Lo Wai-chau, spokesman of the examination committee and Associate Head of PolyU's Department of Electrical Engineering, a candidate who has passed the examination will still have to fulfill the electrical work experience required by Hong Kong's Electricity (Registration) Regulations in order to qualify as a registered Grade C electrical worker.

This year, the PolyU is again joining hands with The University of Hong Kong, the Hong Kong Institution of Engineers and the Government's Electrical and Mechanical Services Department in organizing the examination.

"It is the Government's policy to encourage experienced workers in the field who do not hold a first degree to apply for formal qualification at the Grade C level." Dr Lo said.

Grade C workers are licensed to handle electrical jobs of "unlimited current", while those at Grade A or B levels deal with jobs of a smaller scale and with lower risks.

Details of the examination syllabus are contained in a booklet Notes on Examination for Registration as a Grade C Electrical Worker, please visit EMSD Website and candidates may register for this examination at the following locations:
